E2007-10	3/8/07	3/12/07	18
<p><u>Summary:</u> The original Transmittal No. 98 was submitted manually to the Commission on March 6th, 2007. After speaking with a staffer, we have decided to remove original page 49.1 from this filing. We are resubmitting this replacement filing via the E-Tariff System.</p> <p>In Transmittal No. 97, DeltaCom, Inc. submitted tariff revisions in which it increased rates by 10% for Integrated T products and clarified Integrated T options when multiple options exist for customers. Rates were tariffed by rounding the customer's charges up or down to the next whole dollar. However, these changes are being billed to our customers using "true rounding." Therefore, we are revising this tariff to reflect the charges customers will actually see on their billing statement. In order to correct the tariff filing, some charges will appear to be a reduction, although on the customer's billing statement, the changes will be an increase.</p>

**LOCAL EXCHANGE SERVICE**

**SECTION 1 - DEFINITION OF TERMS**

Certain terms are used generally throughout this tariff are defined below:

**Account Codes:** Allows a User to allocate local calls to a 4-digit, non-verified account code.

**Authorized User:** A person, firm, corporation or other entity that either is authorized by the Customer to use local exchange telephone service or is placed in a position by the Customer, either through acts or omissions, to use local exchange telephone service.

**Business Service:** A switched network service that provides for dialed Station communications that is described as a business or commercial rate.

**Call Block:** Feature which may be added to an exchange line which provides the Customer the ability to prevent incoming calls from up to six different telephone numbers. Callers on the line will hear an announcement informing them that their call has been blocked and will not be accepted by the called party.

**Call Forwarding Busy Line:** Automatically routes incoming calls to a designated answering point when the call line is busy.

**Call Forwarding Busy Line (Customer Controlled):** Enables the Customer to control Call Forwarding Busy Line, from the base station line, the activation and deactivation of the service by using dialing codes.

**Call Forwarding Don't Answer:** Automatically routes incoming calls to be forwarded to a designated answering point when the call line does not answer within a pre-specified number of rings.

**Call Forwarding Don't Answer (Customer Controlled):** Enables the Customer to control Call Forwarding Don't Answer, from the base line station, by using dialing codes.

SECTION 1 - DEFINITION OF TERMS (continued)

**Call Forwarding Don't Answer-Ring Control:** Enables the Customer to control the number of rings or seconds, depending on the specific technology involved, before incoming calls are routed to a designated answering point when the call line does not answer.

**Call Forwarding Variable:** Enables the user to transfer incoming calls to another telephone number by dialing a code and the telephone number of the service to which calls are to be transferred.

**Call Forwarding Variable-Remote Access:** Enables the Customer to activate and deactivate Call Forwarding Variable remotely from any line/equipment capable of push button signaling rather than only from the base station line.

**Call Forwarding Multipath:** Enables a Customer who subscribes to Call Forwarding to specify the number of calling paths that will be forwarded to another telephone number. The total number of calling paths cannot exceed the number of lines/trunks in the forwarding hunting arrangement. In all cases, the number of call forwarding paths is dependent upon the terminating capability of the forward-to directory number. For the Call Forwarding Don't Answer feature, each call will be forwarded at the completion of each ring cycle.

**Call Hold:** Allows the User to dial an access code to place the current call on hold.

**Call Return:** Enables a Customer to place a call to the telephone number associated with the most recent call received whether or not the call was answered or the number is known. The Customer can dial a code to request that the network place the call.

**CallSaver Auto-Attendant:** This flat rated voice mail service provides a tree of nine (9) separate mailboxes that are tied to a single mailbox which functions as an auto attendant. It allows the subscriber to record two different greetings up to two-minutes in length.

**CallSaver Basic:** A flat rated voice mail service which allows the subscriber to record two different greetings up to sixty seconds in length, receive up to thirty messages each as long as two minutes and store them up to fourteen days. No group lists, paging or outdial capabilities are included with this service. The only message waiting capability offered is the optional message waiting stutter tone offered to facility local customers.

SECTION 1 – DEFINITION OF TERMS (continued)

**CallSaver 3:** This flat rated voice mail service allows the subscriber to record two different greetings up to ninety seconds in length, receive up to thirty messages each as long as two minutes in length and store them up to fourteen days. Pager and outcall notification, return to attendant, send messages, extended absence greeting, and future delivery of messages can be established with this service. Up to five messages can be set up for future delivery.

**CallSaver Extension:** This flat rated voice mail service provides extension mailboxes to be established on a single subscriber line. It allows the subscriber to record individual forty-five seconds in length greetings for the main mailbox and three extension mailboxes. The group of four partitioned mailboxes can hold forty messages two-minute in length. Distribution of these forty messages will either be 10 messages per mailbox or on a first come first serve basis. Distribution capabilities are dependent on the voice mail platform serving the subscriber's market. Messages are stored for fourteen days. Sending messages among the main and extension mailboxes is included with this service. Pager and outcall notification, return to attendant, extended absence greetings, and future delivery of messages are not included with this service.

**CallSaver Family:** This flat rated voice mail service provides sub-mailboxes to be established on a single subscriber line. It allows the subscriber to record two different sixty (60) second greetings for the main mailbox, and greetings (8) seconds in length on the three sub-mailboxes. Each mailbox user has their own password. Each of the four partitioned mailboxes can hold thirty (30) messages that are two (2) minutes each in length. Messages are stored for fourteen (14) days. Stutter tone offered to facility-based local customers is the only message waiting capability offered and is available only on the main mailbox.

**SECTION 2 - REGULATIONS**

**2.1 Undertaking of the Company**

**2.1.1 Scope**

The Company undertakes to furnish communications service in connection with one-way and/or two-way information transmission between points within the State of South Carolina under the terms of this tariff. The Company is responsible under this tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services or to communicate with its own customers.

**2.1.2 Shortage of Equipment or Facilities**

The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as the facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

**2.1.3 Terms and Conditions**

- 2.1.3.1** Except as otherwise provided herein, service is provided on the basis of a minimum period of at least one month, and shall continue to be provided until canceled by the Residential Customer. Customers shall continue to be provided service until canceled by the Customer in writing 30 days prior to the cancellation of service. Unless otherwise specified herein for the purpose of computing charges in this tariff, a month is considered to have 30 days. All calculations of dates set forth in this tariff shall be based on calendar days, unless otherwise specified herein.
- 2.1.3.2** Customers may be required to enter into written Service Orders which shall contain or reference the name of the Customer, a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff.
- 2.1.3.3** At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon 30 days written notice. Any termination shall not relieve Customer of its obligation to pay any charges incurred under the Service Order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the Service Order shall survive such termination.

## SECTION 2 - REGULATIONS (continued)

## 2.1 Undertaking of the Company (continued)

## 2.1.3 Terms and Conditions (continued)

**2.1.3.7** The Customer agrees to return to the Company all Company-provided equipment delivered to the Customer within five (5) days of the termination of the service in connection with which the equipment was used. Said equipment shall be in the same condition as when delivered to Customer, normal wear and tear only excepted. Customer shall reimburse the Company, upon demand, for any costs incurred by the Company due to the Customer's failure to comply with this provision.

**2.1.3.8 Agreement For Service**

(N)

The initial term of service provided under an Agreement for Service ("AFS") shall be set forth on such AFS. Upon expiration of the initial term, the AFS shall automatically renew on the same terms and conditions (including, without limitation, the rates) for successive one (1) year terms unless either party notifies the other of its intention to terminate the AFS at the end of the initial term or renewal term, as the case may be, which such notice shall be in writing and provided to the other party at least thirty (30) days prior to the expiration of the initial term or the renewal term, as the case may be. In the event of such notice, the AFS shall terminate upon the expiration of the initial term or renewal term, as the case may be. The Customer must follow the process as outlined in Section 2.15 when notifying the Company of its intent to terminate the AFS at the end of the initial term or renewal term, as the case may be.

The Customer shall notify the Company in writing if the Customer contact person is changed. The Company reserves the right to reject any Customer termination request received from any person other than the designated Customer contact person.

**2.5.4 Advance Payments**

To safeguard its interests, the Company may require a non-residential Customer to make an Advance Payment before services and facilities are furnished. The Advance Payment will not exceed an amount equal to the Non-Recurring Charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the Advance Payment may also include an amount equal to the estimated Non-Recurring Charges (if any) for a period to be set by the Company and the non-residential Customer.

The Advance Payment will be credited to the non-residential Customer's initial bill. An Advance Payment may be required in addition to a deposit. Advance Payments shall accrue interest at the rate per annum approved by the South Carolina PSC, unless such period is less than 30 days, said interest to be refunded to Customer with the Advance Payment in the event the Advanced Payment is not applied toward payment of any amounts due the Company from Customer.

**2.5.5 Deposits**

It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired. Before giving such notice, the Customer shall ascertain that the trouble is not being caused by any action or omission by the Customer within his control or is not in wiring or equipment, if any, furnished by the Customer and connected to the Company's facilities. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted. For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro-rata basis against the rates specified hereunder for Local Line or Local Trunk Service and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit. Credit allowances for service outages that exceed 24 hours in duration will be rounded up to the next whole 24 hours.

**2.7 Cancellation of Service (continued)****2.7.2 Cancellation of Service by a Customer Without Cause**

**(A) Discontinuance Charge.** The Customer's rates and discounts, if any, are provided to the Customer in exchange for the Customer's commitment to obtain the Services for the agreed upon term of the Agreement for Service ("AFS"). If the Customer terminates all or any part of the Services obtained under the AFS prior to the expiration of the initial term or any renewal term then in effect for any reason other than Cause as set forth in Section 2. In addition to payment for all Services rendered through the effective termination date, the Customer shall be liable to the Company for:

**(1)** the applicable Annual Usage Commitment amount remaining unpaid for the remainder of the Initial Term or Renewal Term; and

**(T)**  
**(T)**

**(2)** the total of all monthly recurring charges through the end of the Initial Term or Renewal Term, as applicable; and

**(T)**

**(3)** any waived installation charges, the cost of any incentives and any miscellaneous charges incurred for dedicated access, including but not limited to engineering fees, expedite fees, carrier and local exchange order fees, change order charges, and miscellaneous configuration charges. In addition, the Company shall be entitled to the cost of collection of the forgoing amounts including, without limitation, court costs, reasonable attorney's fees and interest on past due amounts.

Because damages resulting from early termination are difficult to determine, the Discontinuance Charge is a reasonable approximation of such damage and shall be considered a liquidated damage and not a penalty.

**2.18 Validation of Credit**

(N)

ITC^DeltaCom reserves the right to validate the credit worthiness of Subscribers through available credit verification procedures. Credit shall be deemed established if:

- The applicant demonstrates that he is a satisfactory credit risk by appropriate means including, but not limited to, the production of substantive references which may be quickly and inexpensively checked by the Company;
- The applicant has been a customer of the Company for a similar type of service within a period of twenty-four consecutive billings preceding the date of application and during the last twelve consecutive billings for that prior service has not had service discontinued for non-payment of bill or had more than one occasion in which a bill was not paid within the period prescribed by the reasonable regulations of the Company on file with the Commission; provided, that the average periodic bill for such previous service was equal to at least fifty per centum of that estimated for the new service; and provided further, that the credit of the applicant is unimpaired; or
- The applicant furnishes a satisfactory guarantor to secure payment of bills for the service requested in a specified amount not to exceed the amount of the cash deposit prescribed in section 2.5.5 of this tariff.
- The applicant makes a cash deposit to secure payment of bills for service prescribed in section 2.5.5 of this tariff.
- An applicant for service who previously has been a customer of the Company and whose service has been discontinued by the Company during the last twelve billings of that prior service because of nonpayment of bills, may be required to reestablish credit in accordance with section 2.5.5; except that an applicant for residential service shall not be denied service for failure to pay such bills for classes of nonresidential service.

LOCAL EXCHANGE SERVICE

SECTION 2 - REGULATIONS (continued)

**2.19 Waiver of Discontinuance Charge**

To qualify for a waiver of the Discontinuance Charge, the Customer must request and specify, prior to service installation, under which of the following circumstances the waiver would be sought:

1. When a customer, whether single or multi-location, closes its entire business and all business locations and cancels service;
2. When a customer files for insolvency and liquidation and cancels service. If a customer maintains Company's service under other versions, such as Chapter 11 reorganization or Chapter 13, the customer will not qualify for this waiver;
3. When a customer with multiple locations closes a location due to economic conditions;
4. When a customer with multiple locations closes a location due to a physical move and the Company is unable to provide 100% of the service at the new location as was utilized at the original location;
5. When the customer is being acquired and ownership is changing. In this instance, the original customer will receive a waiver of Discontinuance Charges except in the event the agreement for service is assigned to customer's acquirer or new ownership.

The Customer must notify the Company in writing a minimum of 60 days in advance of disconnection or termination of service under any of the above conditions. This waiver is not applicable to, and Customer will continue to be responsible for, any previously waived installation charges.

LOCAL EXCHANGE SERVICE

## SECTION 2 - REGULATIONS (continued)

**2.20 Reselling of Service**

If Customer intends to resell or rebill ITC^DeltaCom services, Customer must certify that it has all necessary state, federal, legal and regulatory authority to resell or rebill any telecommunication services to its tenants or customers. In no event will ITC^DeltaCom directly bill any tenant or other customer of Customer. If Customer is found to be in violation of any federal, state or local law or regulation for reselling or rebilling telecommunications services, Customer shall indemnify ITC^DeltaCom for any related claims by any third party against ITC^DeltaCom, including attorneys' fees and costs. All such indemnity obligations of Customer shall survive termination or expiration of the Agreement.

Service may not be resold without the prior written consent of the Company.

**2.21 Service Changes**

If the Customer requests to move the location to which the Company provides Service and/or requests changes to an existing Service provided by the Company, the Company will provide Service to the new location and/or accommodate the change in Service to the extent it is technically and economically feasible to do so, as determined in the sole discretion of the Company. In the event of a move of the location to which the Company provides Service, one or more of the following charges may apply:

**2.21.1** Installation charges for the service provided at the new location;

**2.21.2** Any out of pocket costs incurred by the Company as a result of the termination of the Services(s) either as a result of a move or a change; and/or

**2.21.3** Any increase in rates allowed by applicable law.

In addition, the Company may require the Customer to sign a new Term Plan Agreement for Service in the new location.

**SECTION 3 - SERVICE DESCRIPTIONS**

**3.1 Service Elements**

**3.1.1 Timing of Local Exchange Calls**

Unless otherwise indicated, all calls are timed in six second increments and all calls which are fractions of a minute are rounded up to next six second increment.

For station to station calls, call timing begins when a connection is established between the calling telephone and the called telephone station.

For person to person calls, call timing begins when connection is established between the calling person and the particular person, station or mobile unit specified or an agreed alternate.

Call timing ends when the calling station "hangs up", thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.

**3.1.2 Time Periods Defined**

Peak: 8:00 a.m. to, but not including 5:00 p.m. - Monday through Friday

Off-Peak: 5:00 p.m. to, but not including 8:00 a.m. - Monday through Friday, all day Saturday and Sunday, and all Holidays.

Holidays include Christmas Day, New Year's Day, Thanksgiving Day, Independence Day, and Labor Day.

All times refer to local time.

**3.1.3 Computation of Charges**

For the computation of charges, the duration of each call is measured and rounded up to the applicable billing increment, then multiplied by the applicable rate and if the computed charge for any individual call results in a fraction of a cent, the fraction is then rounded up to the next whole cent on a per call basis. For example, a service may provide that each call will be charged a minimum of 18 seconds and thereafter timed in 6-second increments; therefore, under this example, a 10-second call will be rounded up to 18 seconds (0.3 minutes), and a 44-second call will be rounded up to 48 seconds (0.8 minutes). If, after multiplying the billing increment by the applicable rate, the computed charge for an individual call results in a fraction of a cent, the fraction is rounded up to the next whole cent (for example, \$1.523 would round up to \$1.53). Once the charge for each call is computed as described above, the calls are summed on the Customer's invoice.

**3.4.1 ITC^DeltaCom MegaHub**

MegaHub allows the Customer to interconnect via Primary Rate Interface (PRI) with the ITC^DeltaCom network. A mega-hub is a single point of presence on the ITC^DeltaCom network which gives the Customer virtual POP's in cities which sub-tend the Company's switches. Installation charges may be waived for the initial installation at the discretion of the Company. Subsequent installation charges will apply to PRI's and/or T-1's. Monthly Recurring Charges do not include any additional federal or state taxes, access charges, or other miscellaneous mandated fees which will be applied in accordance with federal, state, or local laws and will be charged to the Customer. Recurring Charges are billed monthly, in advance.

The Company now offers online billing to customers. Online billing allows customers to view billing statements, download call detail, chart data and generate custom reports. An Account Maintenance Fee as set forth in Section 4.1 applies a for paper bill. Customers can eliminate this charge by requesting to suppress paper billing.

## SECTION 3 - SERVICE (continued)

**3.4.2 Unity Service**

Current ITC^DeltaCom long distance Customers who have a T-1 may subscribe to this service which includes flat rate rates for local origination and termination of calls, hunting, and one telephone number assigned to each trunk group. Remote call forwarding with 12 paths will be provided to facilitate the migration to the new telephone number from the Customer's existing telephone number. Optional overflow protection can be provided for handling calls received when all 24 circuits are in use. Credit is not given for channels removed from this hunting arrangement or deactivated. This product will also allow the addition of DID service on a per circuit basis, additional trunk groups to be established and additional remote call forwarding paths added to secondary trunk groups. There is a charge per T-1 and a charge for each additional local telephone number for each trunk group. Additional monthly recurring and installation charges apply as described in Section 4. The installation charge for establishment of DID telephone numbers includes an unlimited number of DID numbers established at the same time on the same order. Rates are set forth in Section 4 and are in addition to charges described in Section 2.5.1.2, which include, but are not limited to TRS, E911, subscriber line charges and applicable taxes. Expanded Calling Service is also provided at an additional cost.

Service is available where NXX codes are activated by ITC^DeltaCom.

Customers who enter into a term agreement may incur a Disconnect Charge, as described in Section 2, for early termination of an Initial Term or Renewal Term.

**3.6.1 Directory Assistance Service**

(N)

A Customer may obtain Directory Assistance in determining telephone numbers within its local calling area by calling the Directory Assistance operator.

(A) Each call to Directory Assistance will be charged as follows: Per Call: See Rate Schedule in Section 4. The Customer may request a maximum of two telephone numbers per call to Directory Assistance service.

(T)

(B) A credit will be given for calls to Directory Assistance as follows:

(T)

- The Customer experiences poor transmission or is cut-off during the call;  
or
- The Customer is given an incorrect telephone number.

To obtain such a credit, the Customer must notify its Customer Service representative within 24 hours of occurrence.

(C) Directory Assistance charges are not applicable to customers who have applied for and received Company certification as having a hearing, speech, or physical impairment that restricts their ability to use a printed directory. Applications for the Directory Assistance Disability Exemption must be accompanied by confirmation of the disability in writing on official letterhead of the physician, clinic, or group/agency verifying the disability.

(T)

This exemption is applicable exclusively to calls made by the disabled individual from their line, or in the case of a business employing the disabled person(s), from the line assigned to that disabled individual(s). Usage will be monitored by the Company and is subject to review and investigation. Certification will be verified periodically. Confirmed, inappropriate use of the exemption could result in its removal.

**3.8 Directory Listings**

The Company shall provide for a single directory listing, termed the primary listing, in the telephone directory published by the dominant local exchange carrier provided on the Customer's exchange area of the Station number which is designated as the Customer's main billing number. Directory listings of additional Company Station Numbers, other than the Customer's main billing number, associated with a Customer's service will be provided for a monthly recurring charge per listing.

**3.8.1** The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clearness of the listing or the identification of the Customer is not impaired thereby. Where more than one line is required to properly list the Customer, no additional charge is made.

**3.8.2** The Company may refuse a listing which contains obscenities in the name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.

The Company now offers online billing to customers. Online billing allows customers to view billing statements, download call detail, chart data and generate custom reports. An Account Maintenance Fee as set forth in Section 4.1 applies a for paper bill. Customers can eliminate this charge by requesting to suppress paper billing.

The Account Maintenance Fee is not subject to term discounts. The combined monthly recurring charge and Account Maintenance Fee, however, shall not be more than the tarified maximum rate for that service as set forth in Appendix A, Section 5.1.

**3.25 Dialing Code for Telephone Relay Service (TRS)**

(N)

711 Dialing Code (“711”) is a three digit local dialing arrangement for telephone voice transmission access to all relay service entities as a toll free call. Pursuant to Order 00-257, issued by the Federal Communications Commission (FCC) in CC Docket 92-105 the FCC assigned 711 dialing code for nationwide access to TRS entities, to be implemented not later than October 1, 2001.

711 is available from ITC^DeltaCom to ITC^DeltaCom customers. This service is subject to the availability of the 711 dialing code.

711 can be delivered via regular exchange access lines (by individual business lines, PBX trunks, etc.).

Access to 711 is not available to the following classes of service:

- Hotel/Motel/Hospital Service (toll call only)
- 1+
- 0+, 0- (Credit Card, Third-Party Billing, Collect Calls)
- Inmate Service
- 101XXXX
- Cellular - Type 2A

The TRS entity is restricted from selling or transferring the 711 dialing code to an unaffiliated entity, either directly or indirectly.

Requests for 711 Dialing Code must be submitted in writing to the South Carolina Public Service Commission, for the assignment of the 711 code, as specified per South Carolina Public Service Commission.

**3.30 T-Pac Service**

T-PAC is a T-1 based product with Customer Premise Equipment for new customers who need local service, toll service & data connectivity. Although toll service is optional for this product, ITC^DeltaCom must be selected as the local and Internet services provider for customers subscribing to this product. T-PAC Service consists of local business line charges, DID charges, Internet access charges, and loop charges.

Customers may purchase T-PAC with a minimum of 10 channels. For example, a minimum of four (4) business lines must be ordered when 384K of Internet is ordered; six (6) business lines must be ordered when 256K of Internet is ordered. Non-recurring installation charges apply for lines added after the initial installation.

Each business line includes LATA-wide local calling, hunting, and customer choice of calling features listed below, subject to availability in the serving central office and compatibility with other calling features. Features ordered beyond those listed below will carry the standard installation and monthly recurring charge as reflected in Section 4.1.32 of this tariff.

**3.34 Simplici-T Service**

Simplici-T is a medium to large business offering that allows for multi-site connectivity with host/remote site complements. This product provides customers with local, long distance and certain non-regulated features via local lines, trunks or integrated services on a single T-1 at a single location.

A minimum of ten (10) channels of local service (local lines) must be ordered with Simplici-T. The base monthly recurring charge includes the ten required local channels. Hunting is also included for up to ten lines and will be configured as defined by the customer. Additional lines can be added at an incremental charge per line. Local Trunk service requires a minimum of 24 channels, voice or integrated.

DID channels are available as an optional feature with the Simplici-T trunk package. DID channels will not be mixed or integrated with lines on the T-1. DID channels require DID number blocks which are priced in blocks of 20 numbers.

**Simplici-T PRI**

Simplici-T PRI was designed as an optional package to meet the needs of business customers that require ISDN PRI services. Each PRI has 23 local trunks, or “B” channels, and 1 “D” channel.

Simplici-T PRI is available only with trunks and only one trunk group will be supported per PRI. NFAS configurations are available at no additional charge for up to eight (8) individual Simplici-T PRI T-1 circuits. Transfer and Name Delivery, an optional feature, may be selected by the customer for an additional charge.

Simplici-T PRI requires DID number blocks which are priced in blocks of 20 numbers.

Each Simplici-T and Simplici-T PRI local channel includes LATA-wide local calling; thus, ITC^DeltaCom must be selected as the customer’s presubscribed intraLATA carrier on all channels.

**3.34 Simplici-T Service (cont'd)**

All CLASS calling features, subject to availability in the serving central office and compatibility with other calling features, are included in the base package price for Simplici-T. Features are not automatically provisioned; the customer must determine what features will be needed for each line. No CLASS features are available with the Simplici-T PRI service.

Subscription to ITC^DeltaCom's interLATA long distance service is not required with Simplici-T or Simplici-T PRI, but the customer may subscribe to ITC^DeltaCom's T LD long distance product, T\_5000 LD Plan or, if usage levels justify, ITC^DeltaCom's HorizonLD long distance product may be selected. Product descriptions, rules and regulations and pricing for each long distance product are set forth in ITC^DeltaCom's Interexchange tariff. If the customer has T LD at their main site, they must have T LD at all locations with ITC^DeltaCom long distance service. This rule also applies to Horizon LD. Other ITC^DeltaCom long distance services are not available in conjunction with Simplici-T or Simplici-T PRI services.

(T)

A special analog line may be supplemented with each Simplici-T and Simplici-T PRI circuit at the same location for use with alarm, fax or data services that require a line outside of the T-1. Up to three (3) fax/alarm lines may be purchased at a single Simplici-T or Simplici-T PRI site. Fax/Alarm Lines cannot be in a hunt group with lines on the T-1 and CLASS features and voicemail will not be an available option on these lines.

Alternatively, the T-Remote product is an available option for multi-location customers whose host or master location needs analog service but also needs CLASS features and/or voicemail service. See the T-Remote product description and pricing in this Tariff for applicable rates, terms and conditions. Unlike Simplici-T and Simplici-T PRI customers, customers subscribing to T-Remote are required to designate ITC^DeltaCom as both their local and long distance service provider.

Dedicated Internet Access is available with Simplici-T and Simplici-T PRI at speeds from 256K to 768K. Monthly recurring charges depend on access speed. Access includes one (1) custom domain name registration and up to six (6) static IP addresses per T-1. Up to thirty (30) e-mail boxes are included and allowed per master account. Additional domain names and e-mail boxes may be purchased for an additional charge. Additional static IP addresses are available at no additional charge. Dynamic IP addresses are not available.

A package of services geared towards the multi-location customer with data connectivity needs is available for additional monthly recurring charges. This package will allow for interconnectivity with other Simplici-T, Simplici-T PRI or stand-alone Frame Relay sites.

Customers in need of the ability to have both Internet Access and Data Connectivity/Frame Relay on the same T1 at the host location must also purchase the Secure Access Package at the host location for an additional monthly recurring charge as set forth in the Rates Section of this Tariff.

Customer Premise Equipment ("CPE") is included as part of the basic Simplici-T and Simplici-T PRI packages and is determined by number of lines provisioned and line functionality. **3.36 Simpli-T Plus Service**

Simpli-T Plus is a small to medium-size business offering that utilizes T-1 delivery of line side local exchange service and internet service. The local service and data transmission share the available bandwidth of 1.228 Mbps, employing the use of the entire available bandwidth for data transmission when voice lines are not in use. Voice service takes precedence over data and, as voice transmission is required, internet bandwidth is reduced to accommodate voice needs.

A minimum of six (6) lines of local service must be ordered with the Simpli-T Plus. The base monthly recurring charge includes the six required local lines as well as the hunting functionality for up to six lines. Additional lines can be added at an incremental charge per line. Trunks, DID, Point-to-Point Data/Voice, and PRI services are not available with this product. Pricing, depending on customer location, is set for the in the Rates Section of this Tariff.

Subscription to ITC^DeltaCom's long distance service is required with Simplici-T Plus. The customer may subscribe to ITC^DeltaCom's T LD long distance product, T\_5000 LD Plan, or, if usage levels justify, ITC^DeltaCom's HorizonLD long distance product may be selected. Product descriptions, rules and regulations and pricing for each long distance product are set forth in ITC^DeltaCom's Long Distance tariff. If the customer has T LD at their main site, they must have T LD at all locations with ITC^DeltaCom long distance. This rule also applies to Horizon LD. Other ITC^DeltaCom long distance services are not available in conjunction with Simplici-T Plus.

Alternatively, the T-Remote product is an available option for multi-location customers whose host or master location subscribes to Simplici-T Plus, but who also need analog service with CLASS features and/or voicemail service. See the T-Remote product description for applicable rates, terms and conditions.

A package of services geared towards the multi-location customer with data connectivity needs is available for additional monthly recurring charges. This service allows for multi-site connectivity through Frame Relay and is the same package offered with the TPAC and Simplici-T product. This package will allow for interconnectivity with other TPAC, Simplici-T or stand-alone frame sites based on the guidelines.

Customers requiring the ability to connect remote locations to their main location to exchange internal data, in place of giving each location access to the Internet, may subscribe to the Data Connectivity Option. Pricing for the Data Connectivity Option is for simple, basic designs and will apply only for locations with Simplici-T Plus.

(D)  
(D)

Customer requiring the ability to have both Internet Access and Data Connectivity/Frame Relay on the same T1 at the host location must also purchase the Secure Access Package for an additional monthly recurring charge.

Simplici-T Plus requires a 1, 2 or 3-year term agreement. Customers electing to enter into 2 and 3-year agreements are eligible for term discounts of 7% or 10%, respectively, off monthly recurring package charges for Simplici-T Plus Service.

Volume Level Discounts may apply as set forth in Section 3.39.

**Healthcare Bundle Option**

The Simpli-T Plus Healthcare Bundle option is available for any healthcare-related company whose SIC code begins with 80XXXX, who signs either a 2 or 3 year term commitment, and who is located in Simpli-T Plus Schedule Area A and Schedule Area X. The package includes a Simpli-T Plus unchannelized T1 with the ability to receive up to 24 lines, Secure Access and Data Assurance (data products), and a toll free number for a single monthly recurring charge.

Customers subscribing to this option may be eligible for discounts up to 10% based on data options. No additional discounts, including Volume Level Discounts, are available in conjunction with this option.

If the customer terminates the agreement after the initial 90 days of the Term Agreement, in addition to all accrued charges for usage and discontinuance charges assessed under the Simpli-T Plus product, the Company will seek recovery of any additional discounts received in connection with this option as of the date of termination.

**3.37 SimpliVoice**

SimpliVoice is a small business bundled product available to new customers that provides the customer with local, long distance, and certain non-regulated features and products. Service is provisioned using a single 1FB-type line only. A monthly recurring fee will apply for subscription to this service, however, the fee can be waived if the customer subscribes to on-line billing through ITC^DeltaCom's free eBillMaster billing service.

Customers may choose service on a Month-to-Month basis, or enter into a 12-Month, 24-Month, or 36-Month Term Commitment. Customers who enter into a 12-month term contract will receive a 3% discount off the SimpliVoice line rate. Customers who enter into a 24 or 36-month term contract will receive a 5% discount off the SimpliVoice line rate. This discount does not apply to local and/or toll usage, per use charges, calling card, operator services, or directory assistance charges. Customers may also be eligible to receive additional discounts through ITC^DeltaCom's Volume Level Discount, Section 3.39, and ITC^DeltaCom's SimpliVoice Affinity Program as described in Section 3.37.2 of this tariff. No other discounts are available with this product.

SECTION 3 – SERVICE DESCRIPTIONS (continued)

**3.38 Simplici-T 3.0 Service**

(N)

Simplici-T 3.0 is a medium to large business offering that allows for multi-site connectivity with host/remote site complements. This product provides customers with local, long distance and certain non-regulated features via local lines, trunks or integrated services on a single T-1 at a single location.

A minimum of six (6) channels of local service (local lines) must be ordered with Simplici-T 3.0. The base monthly recurring charge includes the six required local channels. Hunting is also included for up to six lines and will be configured as defined by the customer. Additional lines can be added at an incremental charge per line. Local Trunk service requires a minimum of 10 channels, voice or integrated.

DID channels are available as an optional feature with the Simplici-T 3.0 trunk package. DID channels will not be mixed or integrated with lines on the T-1. DID channels require DID number blocks which are priced in blocks of 20 numbers.

**Simplici-T 3.0 PRI**

Simplici-T 3.0 PRI was designed as an optional package to meet the needs of business customers that require ISDN PRI services. Each PRI has 23 local trunks, or “B” channels, and 1 “D” channel.

Simplici-T 3.0 PRI is available only with trunks and only one trunk group will be supported per PRI. NFAS configurations are available at no additional charge for up to eight (8) individual Simplici-T 3.0 PRI T-1 circuits. Transfer and Name Delivery, an optional feature, may be selected by the customer for an additional charge.

Simplici-T 3.0 PRI requires DID number blocks which are priced in blocks of 20 numbers.

SECTION 3 – SERVICE DESCRIPTIONS (continued)

**3.38 Simplici-T 3.0 Service (continued)**

Each Simplici-T 3.0 and Simplici-T 3.0 PRI local channel includes LATA-wide local calling; thus, ITC^DeltaCom must be selected as the customer's presubscribed intraLATA carrier on all channels.

All CLASS calling features, subject to availability in the serving central office and compatibility with other calling features are included in the base package price for Simplici-T 3.0. Features are not automatically provisioned; the customer must determine what features will be needed for each line. No CLASS features are available with the Simplici-T 3.0 PRI service.

Subscription to ITC^DeltaCom's interLATA long distance service is not required with Simplici-T 3.0 or Simplici-T 3.0 PRI, but the customer may subscribe to ITC^DeltaCom's T LD long distance product, T\_5000 LD Plan or, if usage levels justify, ITC^DeltaCom's Horizon long distance product may be selected. Product descriptions, rules and regulations and pricing for each long distance product are set forth in ITC^DeltaCom's Interexchange tariff. If the customer has T LD at their main site, they must have T LD at all locations with ITC^DeltaCom long distance service. This requirement also applies to Horizon LD. Other ITC^DeltaCom long distance services are not available in conjunction with Simplici-T 3.0 or Simplici-T 3.0 PRI services.

(T)

Alternatively, the T-Remote product is an available option for multi-location customers whose host or master location needs analog service but also needs CLASS features and/or voicemail service. See the T-Remote product description and pricing in this Tariff for applicable rates, terms and conditions. Unlike Simplici-T 3.0 and Simplici-T 3.0 PRI customers, customers subscribing to T-Remote are required to designate ITC^DeltaCom as both their local and long distance service provider.

Dedicated Internet Access is available with Simplici-T 3.0 and Simplici-T 3.0 PRI at speeds from 256Kbps to 1.024Mbps. Monthly recurring charges depend on access speed. Access includes one (1) custom domain name registration and up to six (6) static IP addresses per T-1. Up to thirty (30) e-mail boxes are included and allowed per master account. Additional domain names and e-mail boxes may be purchased for an additional charge. Additional static IP addresses are available at no additional charge. Dynamic IP addresses are not available.

A package of services geared towards the multi-location customer with data connectivity needs is available for additional monthly recurring charges. This package will allow for interconnectivity with other Simplici-T 3.0, Simplici-T 3.0 PRI or stand-alone Frame Relay sites.

Customers requiring the ability to connect remote locations to their main location to exchange internal data, in place of giving each location access to the Internet, may subscribe to the Data Connectivity Option for an additional monthly charge. Pricing set forth in the Rates section of this Tariff is for simple, basic designs and will apply only for locations with Simplici-T 3.0 or Simplici-T 3.0 PRI.

Customers in need of the ability to have both Internet Access and Data Connectivity/Frame Relay on the same T1 at the host location must also purchase the Secure Access Package at the host location for an additional monthly recurring charge as set forth in the Rates Section of this Tariff.

Customer Premise Equipment (“CPE”) is included as part of the basic Simplici-T 3.0 and Simplici-T 3.0 PRI packages and is determined by number of lines provisioned and line functionality. Equipment remains the property of the Company. At the time customer cancels service with the Company, equipment will be recovered. Only the Company is allowed to service and maintain the equipment. The customer is not allowed to make changes to the Company provided CPE.

Simplici-T 3.0 and Simplici-T 3.0 PRI both require a 1, 2 or 3-year term agreement. Customers electing to enter into 2 and 3-year agreements are eligible for term discounts of 7% or 10%, respectively, off monthly recurring package charges for Simplici-T 3.0 Service.

## SECTION 3 – SERVICE DESCRIPTIONS (continued)

**3.45 Simpli-Business PRI**

Simpli-Business PRI is a medium sized business offering that allows telecom functionality to best manage large or customer care-driven incoming call volumes. This product provides customers with local, long distance and certain non-regulated features via a T-1 trunk platform that accommodates one of two possible configurations: twenty-one (21) B channels, one (1) D-channel, and two (2) maintenance/management channels, or twenty-three (23) B channels, one (1) D-channel with an IVP T-1. The two configurations allow for voice-only PRI applications while allowing the standard Simpli-Business T service model with remote access to other auxiliary devices. Integrated PRI applications are not available with this offer.

Simpli-Business PRI is only available via trunk service. Only one trunk group will be supported per D channel. Simpli-Business PRI requires DID number blocks. One (1) block of twenty (20) DID numbers is included with Simpli-Business PRI. Additional blocks carry an additional cost.

Optional features may carry additional charges. Optional features are not required elements but are available to satisfy customers' needs in growth and multi-site connectivity. Simpli-Business PRI includes Hunting in the base package. The Hunting options will be configured as defined by the customer. Simpli-Business includes Expanded Calling Service (LATA-Wide Calling) in the base package. This service will be automatically configured on all trunks. To accommodate Expanded Calling Service, DeltaCom must be selected as the IntraLATA toll carrier. NFAS is not available with Simpli-Business PRI. 2B Channel Transfer is not available with Simpli-Business PRI.

Subscription to the Company's InterLATA long distance service is not required with Simpli-Business PRI, but the customer may subscribe to the Company's T LD long distance product, T\_5000 LD Plan, or, if usage levels justify, the Company's Horizon long distance product may be selected. Product descriptions, rules and regulations and pricing for each long distance product are set forth in DeltaCom, Inc.'s Interexchange tariff. If the customer has T LD at their main site, they must have T LD at all locations with Company long distance service. This requirement also applies to Horizon LD. Other Company long distance services are not available in conjunction with Simpli-Business PRI.

Stand-alone Internet connectivity and Data Connectivity options are available with Simpli-Business PRI. These services are available as stand-alone options and are priced separately. Integrated Internet, for customer use, is not available.

Customer Premise Equipment ("CPE") is included as part of the basic Simpli-Business PRI package and is determined by number of lines provisioned and line functionality. Equipment remains the property of the Company. At the time customer cancels service with the Company, equipment will be recovered. If the customer grows beyond the capabilities of this equipment and remains with the company, a needs assessment will be made and an appropriate recommendation will be made. The customer is not permitted to make changes to DeltaCom provided CPE. Only DeltaCom is permitted to service and maintain the equipment. If the customer makes changes to the equipment, they violate the policy as defined on the Agreement for Service.

Simpli-Business PRI requires a 3-year term agreement. Customers who enter into a term agreement may incur a Disconnect Charge, as described in the Customer's Terms and Conditions.

**3.47 Business Reach**

Business Reach is a three (3) to five (5) line small business offering that utilizes T-1 delivery of local exchange service and Internet service. This service is only available to new customers or existing customers adding a new location. Local exchange service and data transmission share the available bandwidth, using all available bandwidth for data transmission when voice lines are not in use. Voice service takes precedence over data and, as voice transmission is required, Internet bandwidth is reduced to accommodate voice needs.

Subscription to the Company's InterLATA long distance service is not required with Simpli-Business PRI v.3, but the customer may subscribe to the Company's T LD long distance product, T\_5000 LD Plan, or, if usage levels justify, the Company's Horizon long distance product may be selected. Product descriptions, rules and regulations and pricing for each long distance product are set forth in DeltaCom, Inc.'s Interexchange tariff. If the customer has T LD at their main site, they must have T LD at all locations with Company long distance service. This requirement also applies to Horizon LD. Other Company long distance services are not available in conjunction with Simpli-Business PRI v.3.

Simpli Analog lines may be supplemented with each Simpli-Business PRI v.3 circuit at the same location for use with alarm, fax or data services that require a line separate from the T-1. Features and voice mail will not be available on Simpli Analog lines. All other Simpli Analog provisions as set forth in Section 3.43 apply. Simpli Analog lines may be purchased at a single Simpli-Business PRI v.3 site at the rates set forth in the Rates Section of this Tariff.

Alternatively, the T-Remote product is an available option for multi-location customers whose host or master location subscribes to Simpli-Business PRI v.3, but who also need analog service with CLASS features and/or voicemail service. See the T-Remote product description for applicable rates, terms and conditions.

Stand-alone Internet connectivity and Data Connectivity options are available with Simpli-Business PRI v.3. These services are available as stand-alone options and are priced separately. Integrated Internet, for customer use, is not available.

Customer Premise Equipment (“CPE”) is included as part of the basic Simpli-Business PRI v.3 package. Equipment remains the property of the Company. At the time customer cancels service with the Company, equipment will be recovered. The customer is not permitted to make changes to DeltaCom provided CPE. Only DeltaCom is permitted to service and maintain the equipment. If the customer makes changes to the equipment, they violate the policy as defined on the Agreement for Service.

Customers must select a 36-Month or 48-Month Term Commitment for Simpli-Business IP v.3. Term discounts will not apply to this offering.

Customers who enter into a term agreement may incur a Disconnect Charge, as described in the Customer's Terms and Conditions, for early termination of an Initial Term or Renewal Term.
